

CARLOS MORO GONZÁLEZ

Carlos Moro is a passionate wine maker and vine grower, an enthusiast for the land and its vines. He is a third generation wine grower. His childhood was spent playing across the vineyards his family owned in the Golden Mile of Ribera del Duero and in Cigales. In the 60's he has his first winemaking experience by helping his uncle Jesús during the winemaking process at the old family winery in Valoria la Buena (DO Cigales) which he still keeps. It was there that his acute intuition and love of wine grew. After studying in Madrid and becoming Doctor in Oenology and Viticulture, he worked in Madrid for many years until returning to its family lands in Ribera del Duero in the 80's and founding Matarromera in 1988.

After the great success of his **Ribera del Duero** wines, Carlos decided to continue his family winemaking tradition in **DO Cigales**, reinvigorating the area when he founded Valdelosfrailes in 1998. A decade later he was able to keep expanding his winemaking experience by opening wineries in **DO Rueda** and **DO Toro**. Later, in 2014 he completed his life-long dream of founding a winery in **DOCa Rioja**, which was named after him, Bodega Carlos Moro. Finally, he decided to expand in **DO Ribeiro** with Casar de Vide Winery.

Nowadays Carlos Moro is the Founder, owner and Head Winemaker of 9 different wineries in 6 Spanish appellations of origin.

Restless worker with a long-term vision on the benefits of innovation, sustainable development and respect for the environment, has led the production of wines that have their own personalities and the highest quality.
